

# ERS | Satellites

ERS is proud to announce the fourth edition of the award-winning ERS Satellites, taking place online on March 2nd 2021. The event will offer a full-day programme covering four hot topics in respiratory medicine. Registration is free.

ERS Satellites have been using the latest in live-streaming technology since 2017 – delivering education to a global audience and supporting knowledge sharing and interaction on a virtual platform.

The programme for this year's event is designed to support audience participation; allowing virtual delegates to ask questions and discuss presentations with speakers and chairs. All presentations will be chaired by specialist panels live from the studio.

**Note:** Due to COVID-19 restrictions and guidelines, this event will have a single host venue and there will be no onsite audiences.

The programme will be supported remotely by our national society partners:

Austria

Turkey

Portugal

## Each topic will cover the following:

- 1) Disease mechanisms & understanding
- 2) State of the art (recent literature) & treatment approaches
- 3) Application of current knowledge & clinical perspective with cases
- 4) Horizon scanning and next steps

**Chairs: Daiana Stolz, Chris Brightling and Richard Costello**

National societies chairs chairing from their own country: Georg-Christian Funk, Ayşe Arzu Yorgancıoğlu, António Morais

Time (CET)	Asthma:
09:00-09:10	Introduction from the chairs
09:10-09:30	Mechanisms and physiology of asthma   <i>Arnaud Bourdin</i>
09:30-09:50	State of the art in asthma   <i>Celeste Porsbjerg</i>
09:50-10:10	How to manage a patient with asthma   <i>Marco Idzko</i>
10:10-10:25	Horizon scanning: How to read trials   <i>Guy Brusselle</i>
10:25-11:00	Conclusion and Q&As lead by the chairs Break 30 minutes
	<b>COPD:</b>
11:30-11:40	Introduction from the chairs
11:40-12:00	Mechanisms of COPD exacerbations - molecular perspectives and pathophysiology   <i>Mona Bafadhel</i>
12:00-12:20	State of the art in COPD   <i>Timm Greulich</i>
12:20-12:40	How to manage a patient with COPD - early identification and how to prevent progression   <i>Nurdan Köktürk</i>
12:40-12:55	Horizon scanning: Where do we go next   <i>Maria Rosa Faner Canet</i>
12:55-13:30	Conclusion and Q&As lead by the chairs Lunch break 1 hour
	<b>ILD:</b>
14:30-14:40	Introduction from the chairs
14:40-15:00	Basic mechanisms of ILD   <i>Killian Hurley</i>
15:00-15:20	State of the art in ILD   <i>Antje Prasse</i>
15:20-15:40	How to manage a patient with ILD   <i>Carlos Robalo Cordeiro</i>
15:40-15:55	Horizon scanning: Trial in ILD   <i>Gisli Jenkins</i>
15:55-16:30	Conclusion and Q&As lead by the chairs Break 30 minutes
	<b>Chronic cough</b>
17:00-17:10	Introduction from the chairs
17:10-17:30	Mechanisms and physiology of chronic cough   <i>Matt Drake</i>
17:30-17:50	State of the art in cough   <i>Woo-Jung Song</i>
17:50-18:10	How to manage chronic cough patients   <i>Angela Zacharasiewicz</i>
18:10-18:25	Horizon scanning: New drugs in the pipeline   <i>Jacky Smith</i>
18:25-19:00	Conclusion and Q&As lead by the chairs

**The programme is accredited and offers participants 8 CME points**

This high-quality educational event can be accessed free of charge by healthcare professionals from anywhere in the world. This is made possible with support from our sponsors.
